Welcome TO INDIA

Dear reader,

What an exhilarating time of the year is this November month when I present TravTour MICE magazine's WTM London 2023 special edition to you all. This November 2023 edition that you hold has been beautified with a welcome message from the Honourable Minister of Tourism, Govt. of India Mr. G. Kishan Reddy inviting worldwide traveller community to visit and experience India.

The issue has a cover story on India's most prestigious MICE tourism awards ceremony – 'India MICE Awards 2023' hosted by TravTour MICE Guide to honour the best MICE tourism companies and hotels of India. This year we received more than 17,000 nominations across 60 award categories from organizations and individuals alike. However, only 27 most deserving MICE tourism players of India were awarded this year. Apex tourism bodies and travel & tourism associations of India such as TAAI, IATO, RTSOI, HAI, FHRAI, ICF, IGTA and ATOAI participated in the event with great zeal. During the event, the industry experts shared their views on developing the ways to create MICE venues in tier II cities of India. The event unlocked the MICE business potential across newer destinations of India. The must-read coverage awaits you at page no. 13.

The year 2023 has seen the emergence of two world class Convention Centres and Exhibition Venues in the capital city of New Delhi inaugurated by our beloved Prime Minister Mr. Narendra Modi. These destinations in the form of 'Bharat Mandapam' at Pragati Maidan and 'Yashobhoomi' at Dwarka will contribute highly to the incoming MICE traffic to India in the years to come.

The content of the edition has a feature on some of India's best purpose-built convention centres and MICE centric hotels starting from page no. 33. 'TravTour Associate Hotels', featuring more than 252 star hotels across the country describes the in-depth information on India's finest MICE Hotels & Resorts, city wise. It's a ready-reckoner and working tool for international DMC's and MICE planners who wish to hold their conferences in India. This edition couldn't have been compiled without a mention of India's most sought after pilgrimage destination in Katra, Jammu i.e. Shri Mata Vaishno Devi Shrine. The highlights of the beautiful and hilly spiritual destination can be read at page no. 11. To the best of our reports more than 73,25,298 pilgrims have already visited the Holy Shrine till 31 October 2023.

I would like to extend a special thank to Ministry of Tourism, Government of India for making this edition a huge success along with other advertisers who have been partnering with TravTour MICE Guide and acknowledging our efforts to position India as a unique MICE destination on the world's MICE map. Let's take a pledge to make India, Incredible again.

Convention Centres of the Month

Pragati Maidan, New Delhi

The much awaited purpose-built convention centre of New Delhi i.e. '**Bharat Mandapam**' is all set to welcome the MICE travellers from across the globe. Built under the aegis of India Trade Promotion Organisation Ltd. (ITPO), Bharat Mandapam was recently inaugurated by Honourable PM. **Mr. Narendra Modi** just before the G-20 summit in New Delhi. The facility cements India's place on world's MICE map. Its emergence will be conducive to attract international exhibitions and conventions to India like never before. Spread across 123 acres, this convention centre can accommodate around 7000 pax at a time which is far more than the capacity of Australia's Sydney Opera House. The campus has been adorned with a plenary hall, amphitheatre, exhibition hall and ample parking spaces. As per an estimation it's a project worth INR 2700 crore.

Shri Mata Vaishno Devi Shrine

A Spiritual Journey

Visiting India in search of peace and spirituality is nothing new. What is novel and exciting is that never before has its rejuvenating spirituality been packaged with such an ease. Ascetics and seers in India renounce worldly pleasures and live in austere surroundings in the hills. In this context, Shri Mata Vaishno Devi Shrine, Jammu is the most sought after pilgrimage destination for devotees in India and abroad. The number of visitors of holy shrine of Mata Vaishno Devi is now exceeding 10 million pilgrims annually for this divine meet.

The pilgrimage to the Holy Shrine of Shri Mata Vaishno Devi Ji is considered to be one of the holiest pilgrimages of our times. Popular the world over as the Mother who fulfills whatever Her children wish for, Shri Mata Vaishno Devi Ji resides in a Holy Cave located in the folds of the three peaked mountain named Trikuta (pronounced as Trikoot). The Holy Cave of the Mother is situated at an altitude of 5200 ft in Trikuta mountains. The Pilgrims have to undertake a trek of nearly 12 km from the base camp at Katra. At the culmination of their pilgrimage, the pilgrims are blessed with the Darshans of the Mother Goddess inside the Sanctum Sanctorum- the Holy Cave. These Darshans (visits) are in the shape of three natural rock formations called the Pindies. There are no statues or idols inside the Cave. Towards the right of the devotee is the Holy Pindi of Mata Maha Kali in the colour associated with Her i.e. black. In the centre is the Holy Pindi of Mata Maha Lakshmi with a yellowish-red tinge, the colour associated with Mata Maha Lakshmi. The Pindi to the extreme left of the viewer is worshipped as the Holy Pindi of Mata Maha Saraswati. It has a whitish tinge when looked at attentively.

The Holy Cave attracts millions of devotees every year. This is due to the unflinching faith of the devotees who throng the Shrine from all parts of India and abroad. It is also a matter of experience by almost all those who visit the Holy Shrine that upon the Call of Mata, a person needs to just take one step and leave the rest to Her and his journey gets completed with Her divine blessings. Simultaneously, it is also believed that unless there is a call no one can visit the Shrine or have Her blessings, howsoever high or mighty one may be. Holy Visits are open round the clock throughout the year. More than 73,25,298 pilgrims have already visited the Holy Shrine till 30 September 2023. The table depicts the annual figures of visitors over the last ten years: [t](#)

Syed Asim
Director

India MICE Awards 2023 awardee De Box Global IT Solutions Pvt. Ltd. is being led by a determined IT Professional, Syed Asim. Over the last few years, the company has been pioneer in providing travel technology support to various businesses and companies across the globe. TravTour MICE Spoke to Syed in a one to one tryst. This is what he replied with an evergreen smile :

Please elaborate on your journey into the tourism industry.

The Travel and Tourism Industry serves as a significant driver for economic growth in any nation. Its multifaceted impact spans from generating employment opportunities to bolstering foreign revenue streams for the country. Despite the prevalence of numerous Online Travel Agencies (OTAs) worldwide, a striking 80% of global business continues to flow through Travel Agents. Recognizing a substantial void in solutions specifically designed for the diverse segments within the Travel and Tourism Industry, we at De Box, provide industry-specific solutions for each distinct vertical: Inbound, Outbound, DMC, MICE, and Domestic. This approach attracted serious and forward-thinking industry players, prompting an immediate shift towards our specialized products.

What is the role of technology in the travel sphere?

The landscape of tourism underwent a significant transformation in the wake of the pandemic. In the current scenario, travel companies face the crucial task of reducing operational costs while simultaneously elevating their service standards. Achieving this delicate balance is only possible through the strategic integration of appropriate technology. While automation has become widespread in ticketing and hotel consolidation businesses, travel agents often still rely heavily on manual processes or basic tools such as Google Forms and MS Office. To progress, they must prioritize staff education in embracing systems that streamline their work and enhance overall business operations. This evolutionary step will gradually propel them to advance to the next level, initially by adopting mobile-based solutions and eventually integrating more sophisticated deep-tech solutions into their operations.

What are the USP's of De Box Global IT Solutions?

De Box's unique selling points (USPs) are rooted in the foundational principles of the service industry, encapsulated by CPAC (Customer, Product, Application, and Competition):

Customer-Centric Approach – We embody an organizational culture that thrives on openness to new ideas and system changes. Our approach is proactive, centered around providing proactive customer support rather than reacting to issues after they arise.

Tailored Industry-Specific Products – Our award-winning cloud-based products are developed with a business-oriented mindset rather than a solely IT-focused perspective. They are meticulously crafted to align with the flow, terminologies, and functionalities specific to each industry segment.

Simplicity in Technology – We aim for comprehensive solutions that remain simple and easily adoptable at the user level, ensuring a user-friendly experience despite the depth and breadth of our offerings.

Continuous Innovation – We believe that sustained innovation is the driving force that keeps both our company and our customers ahead in a competitive landscape, fostering continuous improvement and adaptation to meet evolving needs.

What is your corporate outreach programme?

Key Components of De Box's Corporate Outreach Program include:

Customer References: We understand the immense power of word-of-mouth marketing. Delighted customers serve as the most compelling brand ambassadors for any company. Our primary focus is not just customer satisfaction but achieving a level of delight that inspires positive referrals and recommendations.

Industry Apex Bodies: Collaborating with various industry associations is crucial. These bodies play a pivotal role in promoting awareness about superior products and facilitating their members' business growth.

Networking Events: Industry-specific events serve as invaluable platforms for engaging with potential clients, fostering new relationships, and expanding business networks. These events offer a conducive environment for meaningful interactions and the establishment of productive business connections.

Industry-Specific Media: Engaging with industry-specific media provides valuable insights into various solutions available in the market, including their merits and demerits. This information empowers subscribers to make informed decisions, guiding them toward the right solutions for their specific needs.
